Dear Sir/Madam,

Programmes for Continuous Competency Development (CCD) – for Construction Industry Stakeholders.

Continuous Competency Development (CCD) Programmes to upgrade and enhance the capacity, quality, efficiency, & effectiveness of the Construction Industry.

This is an opportunity to your organization to conduct Continuous Competency Development Programme to the Industry.

Construction Industry Development Authority (CIDA) has taken steps to motivate organizations to conduct innovative programmes for the above purpose. Such programmes may be for Individuals and Proprietors and may include innovative skills development and developing knowledge based modules as well.

Based on this, National Registration and Grading Systems of CIDA has included provisions in the grading scheme, to allocate points to contractor organizations in which employees have participated in CCD programmes accepted by CIDA with the aim of improving the efficiency of the Construction Industry.

As such if you/your organization intend to conduct such programmes you are invited to furnish the duly perfected application form to Director (Development) of CIDA, in order to get qualified for granting CCD points, per programme basis; before commencement, such applications to be submitted 06 weeks before the anticipated date of commencement of the programme.

Sample application form is attached for your convenience. The application may also be downloaded from our website, www.cida.lk.

Thanking you.

Yours faithfully,

Eng. S. Amarasekara,
Director (Development),
Construction Industry Development Authority.
