

**If you an owner of construction machinery or an operator or a mechanic of such machines, you have the opportunity to register with Construction Industry Development Authority.**

**The Construction Industry Development Authority (CIDA) is an organization established under the Construction Industry development act No. 33 of 2014 which regulates the construction industry in Sri Lanka.**

**Authority invites the construction machinery owners and tradesmen (operators and mechanics) to register with CIDA.**

**Benefits for the registrants**

**For machinery owners**

- More opportunities to hire their machines**
- Opportunity to get the knowledge and information**

**For tradesmen (operators and mechanics)**

- More job opportunities**
- Opportunities to improve skills and knowledge**
