DIPLOMA IN CONSTRUCTION ADJUDICATION-2020

The apex body for the Construction Industry in Sri Lanka, the Construction Industry Development Authority (CIDA) has planned to conduct a Diploma Course on Adjudication, fulfilling a long felt need of Construction Professionals involved in Dispute Resolution.

This Diploma course is designed to offer a precise understanding on Adjudication with a view to either practicing as an Adjudicator or being sufficiently vested to assist their employers involved in Adjudication. The participants who pass the assignment and the examination conducted at the end of the Diploma Course on Adjudication will be awarded the Diploma Certificate. The participants will be selected from the applicants after careful consideration of qualifications and experience followed by an interview.

Admission Requirements :

- ◆ A Bachelor's Degree from a University recognized by the University Grants Commission, Sri Lanka in Engineering , Architecture or in Quantity Surveying, or an equivalent qualification from a tertiary institution accepted to CIDA
- ◆ At least Eight(08) years overall experience in Construction Contracts Administration.
